

CATEGORY **4** **STORM** SYSTEM®

412XX - Matte Solid Color 100% Acrylic Stain This heavily pigmented acrylic latex matte finish stain is ideal for use on new or previously stained exterior woods. The durable light fast pigments provide maximum fade resistance and color retention. This product is self-priming over most substrates where extractive bleeding is not a concern. 100% Acrylic Stain Matte Stain is extremely high-hiding and provides maximum stain durability while enhancing the natural grain and texture of the wood. 100% Acrylic Stain Matte Stain is water repellent, mildew, fungus resistant and long lasting. Storm System 100%Acrylic Matte Stain can be used over previously painted sealed surfaces, hardboard siding or smooth planed cedar clapboards. This product contains wood preservatives which will help protect the film against mildew, fungus, and moisture on a properly prepared surface. Not for use on horizontal surfaces. **NOT FOR USE ON DECKS.**

Recommended Use: Shingles, Trim, Shakes, Fences, Clapboards, Plywood, Decks.

418XX - Solid Color Acrylic Stain with Enduradeck® Technology Storm System Acrylic Stain w/ Enduradeck Technology is a low sheen finish designed for use on decks and other exposed flat areas as well as vertical siding, fences and railings that are subjected to the rigors of drastic weather and temperature conditions, abrasion, acid rain or snow. This high hiding stain provides maximum protection against water, ultraviolet rays and general atmospheric contamination. This stain resists cracking, peeling and blistering and can be used on new wood, previously stained wood, properly pressure treated wood, and composite decking. This stain contains a unique rust inhibitor to retard nail and screw head rusting. **Recommended Use:** Sundecks, railings and posts, fences, benches, trellis, wood walkways, open porches, wood screening, patios, garden enclosures, outdoor furniture, siding and composite decking.
