523XX - Extreme Conditions Quick-Dry Oil Primer

Designed to be used under white and light solid colored stains to inhibit extractive bleeding and provide a long-lasting finish. This neutralizes and helps eliminate the natural tannin or sugar staining and discoloration produced by bare woods such as red cedar, redwood, fir, pine or white cedar, and seals the wood for uniformity of the finish. This primer helps to diminish the surface rusting of uncoated nails. **Recommended Use:** Shingles, Trim, Shakes, Fences, Clapboards, Plywood, Decks.

543XX - Extreme Conditions Acrylic Latex Primer

This exterior base coat is designed to help eliminate the natural tannin, sugar staining and discoloration produced by many types of bare wood. Storm System Acrylic Latex Primer has a unique moisture-transmitting formulation that provides excellent adhesion to properly prepared wood surfaces and is highly resistant to peeling. **FOR VERTICAL SURFACES ONLY. Recommended Use:** Sundecks, railings and posts, fences, benches, trellis, wood walkways, open porches, wood screening, patios, garden enclosures, outdoor furniture and siding.
