

## WearAll Alkyd Enamel

This durable multi-purpose alkyd metal gloss enamel is formulated to protect a variety of interior or exterior surfaces. It provides an economical finish for most surfaces in offices, institutions and other commercial applications, industrial metal structures and structural components. WearAll Alkyd High Enamel is suitable for frequent repeated heavy abrasion, including mechanical wear and repeated frequent scrubbing with certain industrial solvents, cleansers or scouring agents. This all-purpose industrial enamel will withstand repeated detergent washings without injury to the paint and can be readily recoated when necessary.

- Outstanding performance and value
- Very good color and gloss retention
- Very good adhesion and abrasion resistance
- Ideal for horizontal and vertical surfaces
